

EDITING THE EARTHA M. M. WHITE COLLECTION 2021 TRANSCRIBE-A-THON

Editing the Eartha M. M. White Collection is a collaborative textual editing project that creates, edits, and publishes transcriptions of material from the Eartha M. M. White Collection, the documents and other personal written materials from Eartha M. M. White, a local African American philanthropist and civil rights activist.

Join us on March 13th to help us transcribe and encode materials from the collection using TEI-XML, creating editions that will be published on the project's website. Help us edit and make accessible valuable primary sources related to Jacksonville's African American history.

No experience with TEI-XML is required. Access to Zoom and a basic word processor is necessary. Pre-registration is required at the following link:
